In the far away Kingdom of Trenta Lady Juliet Charlotte sat and looked up at the sky the pale blue reflected back in her eyes. She was thinking about her father the King's new adviser, Ganondorf, he seemed nice enough but there was some twisted look in his eyes like he wanted more than he let on. She began to think that he was on to her. The way she seemed uncomfortable around him. It was not hard to see, she was usually a trusting person but he was evil she knew it.

One day she went to the library and was sitting in the corner reading when a certain book caught her eye, "The Chronicles of Hyrule, that sounds exciting." She lifted the book out of its slot, it was covered in dust. She opened it and there was the word Ganondorf on the page. She read farther on and saw that he had used the same tricks to try and take over Hyrule, but then a young man named Link saved the land by casting him into a void. He could have escaped though. "I must find Link in Hyrule." Said Juliet. "Oh no you won't bitch. " Came a voice from behind her, she already knew it was ,Ganondorf. "That fucking book is not good for nosy young princess, like yourself." Said Ganondorf. When she realized what would happen she ran out of the town and as fast as she could with the big dress. She made it to the river. She was not a good swimmer. Ganondorf ran up behind her, "Afraid of the water malady, well it's the fastest way to Hyrule. I think they should find your body in an hour or so." He said slyly as he shoved her into the water, "I'll tell them you slipped and fell in the river and washed away.'

As she was swept father and farther out she went over the falls. The water clouded her mouth cold dark swirling water, it filled her nose

as it went under. She grabbed onto a log. She managed to get her body on top of the log before passing out.

When she came too she was laying on her back with somebody slapping her. "Hey wake up." Said the voice. She opened her eyes to see. "There you are," said the voic, "Hi my names Link are you okay." "Link, are you the Link who killed Ganon, my name is Juliet and I need your help fast."

Later as she explained her kingdom's problem Link was supprised that Ganon could make it back after the imprisonment, if he had attacked that country he would come to Hyrule next. They need to go to Trenta and help them battle.
